3.	<b>Feedback-</b> monitoring of road 8.15-9.00am (18/10/18) Children noticed that the road was busier the closer to school start time. We discussed the way in which school has a staggered start time to try to alleviate this issue. Children noticed that parents were stopping on the yellow lines to drop – we discussed how this was unsafe and illegal. This also caused other cars to have to slow down and traffic could not flow. The children noticed that the one-way system was still being adhered to. The children discussed how we could make parents aware of the issues we saw today. Some signs could be made and laminated and put outside school. The posters could also be scanned and put on the website and sent as part of the school newsletter.  Create a safety letter that was similar to Heads up at home but safety to be sent to parents.  To add a section on the school website to keep information about the work the safety group do.
