

Congleton in Bloom

Year 6 House Captains and members of Year 2 Nature Club attended an event at Congleton Park in their own time on a Saturday morning. They helped *Congleton in Bloom to build bug hotels for local wildlife and plant up beds, which were later displayed in the town centre.

The Year 6 House Captains were also invited to attend an awards evening at Congleton Town Hall. Representing Mossley CE, we were awarded various certificates for our dedication and commitments at Congleton in Bloom events over the past year. Some of these included the back-to-back gardens and the wheelbarrow planters.
